

IGUASSU – α BIDET
*Set new standards in personal
hygiene and luxury!!*

IGUASSU-α

Twin Nozzle

- Wash: Strong water stream
- Bidet: Soft water stream

Nozzle can be moved back and forth as user wants. This is especially good to keep clean for pregnant women and menstrual period.

Easy to open with hygienic design

You are free from the contact of bacteria. This will leave you feeling thoroughly clean.

Adjustable Temperature and Pressure

Bidet features a warm seat with adjustable temperature. Users also have full control over water temperature, water pressure and nozzle position up to 5 level.

Seat Occupied Sensor

The product operates only while user sits down on the seat.

Energy saving

Power saving mode controls the temperatures of hot water and seat automatically to be the optimal power saving conditions.

Child Setting

If this function is set, seat occupied sensor is disabled to allow children to use the product at any time. For a gentle water jet, it reduces water pressure while operating of "wash" and "bidet". Also, it sets a limit on the temperatures of water, seat and air for dry.

IGUASSU – α BIDET

- Model : CHB-1000M
- Dimension : 479W×535D×175H (mm)
- Dryer : Temp. control-(5 level), Heater-320 W
- Warm seat : Temp. control-(5 level), Heater-50 W
- Weight : 5.6 kg
- Volume of water spray : WASH-0.22 G (1.08 ℓ) /min., BIDET-0.19 G (0.98 ℓ) /min.
- Rated Voltage : AC 220 or 110V / 60 or 50Hz
- Working Pressure : 0.7~7.5 kgf/cm² (70~740 kPa)
- Washer : Temp. control-(5 level), Heater-600 W
- Water tank capacity : 0.28 G (1.4 ℓ)
- Safety : Fuse, Bi-metal
